Brooklyn Park City Council Honors Apartments and Fast Food Restaurants 2009 Cool Pools and Fabulous Food Safety Awards

Brooklyn Park, MN (February 22, 2010) – Fast food restaurants often get a bad rap about their food being unhealthy, but at tonight's 7 p.m. City Council meeting Brooklyn Park's Domino's Pizza and Taco Bell Restaurant will be honored for their exceptional standards when it comes to food safety.

Waterford Manor, a senior housing development, will also be honored for their exceptional food safety preparation and two local apartment complexes will be awarded the City's *Cool Pool Award* for their great care in making sure their swimming pools are safe for their residents.

All of these businesses went beyond normal day-to-day operations set by state codes. To qualify for the award, the business should have had zero critical violations, reinvestment in the facility and no complaints or food borne illnesses.

The awards are given out every year to exemplary businesses. While all Brooklyn Park restaurants are inspected and deemed safe by city inspectors, these five organizations stood out from the pack.
