**FOR IMMEDIATE RELEASE**

**Brooklyn Park Announces:  
*Public Access to Neighborhood Crime Activity via the Web***

Brooklyn Park now has crime activity by neighborhood available to the public on the internet.

Please visit: [www.crimemapping.com](http://www.crimemapping.com) and select the pull-down Agency menu to choose Brooklyn Park. A map will appear with the last seven days of crimes in Brooklyn Park. The icons represent the type of crime and the user may click on it to obtain more detail about the event. Residents may also receive crime alerts in relationship to any location by entering an address. The data on this website is updated every day and will contain 90 days of data.

Brooklyn Park believes that by better informing citizens of incidents in their neighborhood, it will assist with the reduction of crime in our city.
