SPRINKLER RESTRICTIONS

Brooklyn Park, MN – The City of Brooklyn Park has set odd/even lawn sprinkling restrictions until September 30. The sprinkling restrictions require residents with even-numbered addresses to water on even-number days and homes with odd-numbered addresses to water on odd-numbered days. Residents are reminded not to water lawns between 4 and 10 p.m. when demand on the water supply is at its peak. The best time to water is before 10 a.m. because less water is lost to evaporation in the early morning than late afternoon or evening.

Residents with newly seeded or sod lawns and irrigation wells are exempt from the restriction. Residents who want up to date information about sprinkling restrictions can contact Brooklyn Park's Operations and Maintenance Department at 763-493-8007 or the automated waterline at 763-488-6455.
